

POSITION

Fundraising Leader for **Diversity & Inclusion**

Responsibilities

- Present the **C4AI** research center to companies, industries, institutes, foundations, and organizations in order to gain financial sponsorship for the development of human resources in diversity and inclusion for the labor market.
- Prospect donors/sponsors/philanthropists and generate interest in the scholarship research program for the development of artificial intelligence and machine learning of members of minority or under-represented groups such as black or indigenous people, women, people with disabilities, LGBTQIA+, and others.
- Cultivate the culture of **Diversity & Inclusion** at the center.
- Participate in the meetings of the **Diversity & Inclusion** Committee, reporting the development of her/his work and providing knowledge for the continuous improvement of the program.

Requirements

- Engagement with the cause of **Diversity & Inclusion**, “activist” mentality.
- Complete undergraduate-level training.
- Desirable graduate degree.
- Experience in **raising financial resources** (minimum of 2 years).
- Experience in designing and structuring projects for donors.
- Marketing experience and knowledge of direct marketing.
- Fluent English is desirable.

Additional Information

We encourage the candidacy of people representing minority or under-represented groups such as those mentioned above.
